PANGEA
we speak real estate

*"Give me your tired, your poor,
Your huddled masses yearning to breathe free..."
Inscription on the Statue of Liberty*

You know, I could not help but to think about the greatest gift we have as Americans -- Freedom.

I admire the courage of our forefathers who fought for and established our Country based on the idea of **Freedom**.

Freedom as Thomas Jefferson put it, is to have "Life, Liberty, and the Pursuit of Happiness."

That got me thinking about something my partner tells me is absolutely crazy.

You see, the creation of wealth the way we do it in America is truly a gift by our forefathers. You cannot become wealthy outside the U.S. as easily as you can here in our homeland.

That's when the responsibility hit me. I personally believe it is my responsibility to help you find your path to wealth with real estate.

Up until now, thousands of you have been able to purchase property from me through Net Worth Real Estate and Pangea. Over 3,000 in just the past couple of years in fact. Many of those properties have doubled in value in a very short time -- even during this nasty recession.

However, some of you have not been able to participate... simply due to money problems. Maybe you have lost a job, lost your stock portfolio, had to use up all your extra cash just to make ends meet. It could be all of those problems.

This is where my partner, Bill, says I am crazy. You see, I want to try something on a small scale that allows even the hardest hit, economically distressed of this group to begin to live the dream of wealth in America. Even more so, to have HOPE in your future.

Here goes:

I'm setting aside 10 properties as a test. My partner thinks we will lose money on these. I do not believe him...actually, I don't care if we take a loss. This is about you getting a chance to turn the tide of negative circumstances and start building hope and wealth. Owning an ASSET that will appreciate in these times when assets are hard to get.

Before I do this, I wanted to share the terms so that you know exactly what the program is and how it works.

To be able to purchase one of these 10 properties; you must qualify by agreeing to the terms below and be prepared with your purchase information when you visit our site.

So...here are the details on the financed lots available NOW at
[\(https://pangearialestate.infusionsoft.com/go/GAL/SYEE/\)](https://pangearialestate.infusionsoft.com/go/GAL/SYEE/)

-100% financing

- 100% approval (if you have method of payment)**
- \$0 Down payment**
- 60 month term**
- 10% interest (amortized over the term of the loan)**
- \$299 processing fee (one time)**
- Payments as low as \$125/mo.**

Example property

Purchase price: \$6,980

Payment: \$158.41 (includes \$10/mo fee for processing payments)

At the end of the term, you own a terrific property that you can build on or sell for a profit. This will give many of you the opportunity to invest while the market is at the bottom. I hope to be able to help as many of you as I can, but I know I won't be able to help you all.

I am able to guarantee financing on these 15 lots. If I don't break the bank with this offer, we will open more later.

I am thinking in the future, we will have to do a web auction or something....show the property, then let the first caller buy it, then move to the next property to help keep some sense of order. For that to make sense, I will probably ask you to pre-qualify before the web auction.

Just thinking out loud. :) Let me know if you like that idea.
